R 2200 CURRICULUM CONTENT

Courses of study and instructional materials and programs shall be designed to eliminate discrimination and promote understanding and mutual respect between children of different races, colors, creeds, sexes, sexual orientations, ancestries, national origins, social or economic status, and/or disabilities.

In order to eliminate possible bias in the curriculum, staff shall use the following criteria:

- A. When instructional material contains stereotypes or discriminatory statements, staff should help pupils identify the stereotypes or discriminatory statement(s) and discuss with pupils the consequences of repeated stereotyping and discriminatory statements.
- B. If a particular instructional material is highly objectionable, staff should not use it, N.J.A.C. 6:4-1.3(f); such material should be brought to the attention of the Building Principal so that the Affirmative Action Officer can evaluate the objectionable material. Alternatively, the teacher might discuss the questionable material instead of eliminating it, depending on the makeup and maturity of the class and the purposes of the instruction.
- C. Another recommended technique for handling materials that contain biases or stereotypes is to offset it by using unbiased supplementary materials, N.J.A.C. 6:4-1.3(f).
- D. Community involvement when developing instructional programs and attendant materials shall be encouraged.

Elementary Class Size

R 2312 ELEMENTARY CLASS SIZE

1. Registrations are conducted in each elementary school and the count of completed registrations held by the Assistant Superintendent is the actual count of enrollments for all class-size-determination purposes.
2. Registrations will be reported weekly from March 1 to October 30 ~~on the spreadsheet designated to the Registrar by the Assistant Superintendent. The updated spreadsheet will be circulated weekly to the Board/COA.~~
3. Registration-report spreadsheets will be dated prominently so that all decision makers can be sure they are looking at the same document.
4. All pupils who attend a class homeroom, including those otherwise assigned to self-contained classrooms for special education, will be considered members of the class for class-size calculations. If pupils assigned to a self-contained, special education classroom do not attend regular classrooms, including homeroom, they will not be counted and will not be included in the numbers on the spreadsheet.
5. Special education pupils included in the class size count, as specified in 4. above, will be included in the calculation of class size averages for the grade level on the spreadsheet.
6. In determining the number of sections required per grade in a school, the Assistant Superintendent will set the section numbers to the lowest number that retains class sizes within the range appropriate to the grade.

~~Example: If ninety six pupils are enrolled in an intermediate grade level, grades three through five, and policy calls for class sizes of nineteen through twenty four at that level, establishing four sections would yield class sizes of twenty four (within policy guidelines) but establishing five sections would also yield class sizes within policy guidelines (nineteen and two tenths). In such a case, the Assistant Superintendent will always set the number of sections at four. (Note that the enrollment of one additional pupil, to a total of ninety seven, would require the Assistant Superintendent to add an additional section (from four to five) to remain within policy guidelines).~~

7. Decisions to establish class sizes outside policy guidelines are reserved to the Board, acting on the Superintendent's recommendation.

Homework Administrative Rules

R 2330 HOMEWORK ADMINISTRATIVE RULES

- A. The purposes of homework are (1) to provide pupils an opportunity to practice new skills or knowledge presented in class, (2) to engage in creative thinking to extend and connect information in new ways, and (3) to provide teachers with information about how well the pupils are progressing on mastering concepts and skills being taught, (4) to provide pupils with constructive feedback.
- B. It is appropriate for a pupil's grade in a class to be adjusted based on completing, or failing to complete, homework assignments. However, if the content of work performed outside class is graded and recorded as evidence of class-content mastery, the assignment will be a component along with test grades, quizzes and other pupil assessments toward the creation of a final grade average.
- C. When teachers assign homework to pupils, they will make the purpose of the assignment clear.
- D. Teachers must review all homework assigned. Some form of feedback to pupils about completed homework will be the normal practice.
- E. Homework Amounts
 - 1. The guidelines for grades Kindergarten through three should be no longer than fifteen minutes per day. For grades four and five no longer than forty-five minutes per day. While parent(s) or legal guardian(s) are encouraged to take an interest in pupil homework, no homework assignment should be beyond the ability of the pupils in the class, thereby requiring parent assistance.
 - 2. Long-term assignments are characteristic of the middle school and high school. At the middle school, the guideline for homework should be no more than sixty minutes per night. Staff members will ensure homework assignments are coordinated within a team. Such assignments may include projects or term papers. One significant purpose of these assignments is to teach pupils to plan and manage their time in order to complete the work on schedule.
- F. Teachers will not assign short-term homework during school recess periods, holidays or weekends adjacent to holidays and school recess periods.
 - 1. Long-term homework projects may span holidays and recess periods but will not be due fewer than three school days after a holiday, or recess period, or the weekend adjacent to a holiday or recess period.

2. Homework will not typically be assigned over the summer break. Teachers may provide suggestions to families about helpful activities during the summer break to reinforce learning, strengthen critical skills, or prepare for the coming school year. At the high school, summer review packets may be provided to help pupils prepare for fall coursework. These activities will not be graded or identified as a course requirement.
- G. Electronic communications from teachers to pupils about homework are permissible as a system or a reminder about assignments. However, they may not replace classroom communication about homework assignments. Inequities in pupils' access to e-mail prohibit us from relying on e-mail to pupils as the primary means of communication about important class information. Pupils may submit homework by e-mail unless the teacher determines, and announces in advance, that a particular assignment is not amenable to communication by e-mail. In consideration of pupils' needs for rest, deadlines for submission of homework may not be later than 9:00 p.m. or earlier than one hour before the start of the school instructional day. In the absence of a specific, teacher-imposed deadline for submission, pupils may submit homework via e-mail at any time.
- H. As with other instructional issues, the primary method of resolving disputes over homework should be direct discussion with the teacher.
- I. Homework is an essential part of instruction and will be among the many aspects of performance considered in the teacher's annual performance evaluation.

R 2340 FIELD TRIPS

Curricular Field Trips

Affords a first hand educational experience which is an integral part of an approved course of study. The Board is permitted to charge pupils for all or part of the cost of field trips, with the exception of pupils in special educational classes and pupils with financial hardships.

Co-curricular Field Trips

Will be an enriching experience but not necessarily directly related to a course of study. These activities will not generally be held during the school day and pupils will be charged enough to cover the cost of the trip.

Permission Slips

A permission form will be sent to the parent(s) and/or legal guardian(s) of each child listing the objectives of the trip, date, departure, return, cost to the parent(s) or legal guardian(s), lunch arrangements, and any other relevant data. The permission form must be signed by the parent(s) or legal guardian(s) and returned to the school. No child may attend a field trip without a properly signed permission form.

Coordination of Trips

Field trips must be approved by the Assistant Superintendent. In grades Kindergarten through six a list of suggested field trips has been developed, approved annually by the Board.

The Principal in each building will coordinate all trips, seeing that there is attention to all details, such as transportation, permission slips, contact with outside agencies, supervision, lunch, etc. A request form will list any changes that are to be made.

Transportation

Whenever possible, district buses will be used. District buses are available between the hours of 8:30 a.m. and 2:00 p.m. and after 4:00 p.m. The Principal will complete a Request for Bus Transportation form and forward it to the Transportation Coordinator at least ten days prior to the date of the trip.

R 2361 ACCEPTABLE USE OF COMPUTER NETWORKS/ COMPUTERS AND RESOURCES

The school district provides computer equipment, computer services, and Internet access to its pupils and staff for educational purposes only. The purpose of providing technology resources is to improve learning and teaching through research, teacher training, collaboration, dissemination and the use of global communication resources.

For the purpose of this Policy and Regulation, “computer networks/computers” includes, but is not limited to, the school district’s computer networks, computer servers, computers, other computer hardware and software, Internet equipment and access, and any other computer related equipment.

For the purpose of this Policy and Regulation, “school district personnel” shall be the person(s) designated by the Superintendent of Schools to oversee and coordinate the school district’s computer networks/computer systems. School district personnel will monitor networks and online activity, in any form necessary, to maintain the integrity of the networks, ensure proper use, and to be in compliance with Federal and State laws that regulate Internet safety.

Due to the complex association between government agencies and computer networks/computers and the requirements of Federal and State laws, the end user of the school district’s computer networks/computers must adhere to strict regulations. Regulations are provided to assure staff, community, pupils, and parent(s) or legal guardian(s) of pupils are aware of their responsibilities. The school district may modify these regulations at any time. The signatures of the pupil and his/her parent(s) or legal guardian(s) on a district-approved Consent and Waiver Agreement are legally binding and indicate the parties have read the terms and conditions carefully, understand their significance, and agree to abide by the rules and regulations established under Policy and Regulation 2361.

Pupils are responsible for acceptable and appropriate behavior and conduct on school district computer networks/computers. Communications on the computer networks/computers are often public in nature and policies and regulations governing appropriate behavior and communications apply. The school district’s networks, Internet access, and computers are provided for pupils to conduct research, complete school assignments, and communicate with others. Access to computer networks/computers is given to pupils who agree to act in a considerate, appropriate, and responsible manner. Parent(s) or legal guardian(s) permission is required for a pupil to access the school district’s computer networks/computers. Access entails

Computer networks/computer storage areas shall be treated in the same manner as other school storage facilities. School district personnel may review files and communications to maintain system integrity, confirm users are using the system responsibly, and ensure compliance with Federal and State laws that regulate Internet safety. Therefore, no person should expect files stored on district servers will be private or confidential.

The following prohibited behavior and/or conduct using the school district's networks/computers, includes but is not limited to, the following:

Compliance with Children's Internet Protection Act

As a condition for receipt of certain Federal funding, the school district has technology protection measures for all computers in the school district, including computers in media centers/libraries, that block and/or filter material or visual depictions that are obscene, child pornography and harmful to minors as defined in 2, 3, 4, 5, 6, and 7 above and in the Children's Internet Protection Act. Compliance with Neighborhood Children's Internet Protection Act

Policy 2361 and this Regulation establish an Internet safety protection policy and procedures to address:

1. Access by minors to inappropriate matter on the Internet and World Wide Web;

The Board will provide reasonable public notice and will hold one annual public hearing during a regular monthly Board meeting or during a designated special Board meeting to address and receive public community input on the Internet safety protection policy - Policy and Regulation 2361. Any changes in Policy and Regulation 2361 since the previous year’s annual public hearing will also be discussed at a meeting following the annual public hearing.

Information Content and Uses of the System

Pupils may not publish on or over the system any information which violates or infringes upon the rights of any other person or any information which would be abusive, profane, or sexually offensive to a reasonable person, or which, without the approval of the Superintendent of Schools or designated school district personnel, contains any advertising or any solicitation to use goods or services. A pupil cannot use the facilities and capabilities of the system to conduct any business or solicit the performance of any activity which is prohibited by law.

Because the school district provides, through connection to the Internet, access to other computer systems around the world, pupils and their parent(s) or legal guardian(s) should be advised the Board and school district personnel have no control over content. While most of the content available on the Internet is not offensive and much of it is a valuable educational resource, some objectionable material exists. Even though the Board provides pupils access to Internet resources through the district’s computer networks/computers with installed appropriate technology protection measures, parents and pupils must be advised potential dangers remain and offensive material may be accessed notwithstanding the technology protection measures taken by the school district.

Any action by a pupil or other user of the school district's computer networks/computers that is determined by school district personnel to constitute an inappropriate use of the district's computer networks/computers or to improperly restrict or inhibit other persons from using and enjoying those resources is strictly prohibited and may result in limitation on or termination of an offending person's access and other consequences in compliance with Board policy and regulation. Electronic Mail

Electronic mail (“email”) is an electronic message sent by or to a person in correspondence with another person having Internet mail access. The school district may or may not establish pupil email accounts. In the event the district provides email accounts, all messages sent and received on the school district computer networks/computers must have an educational purpose and are subject to review. Messages received by a district-provided email account are retained on the system until deleted by the pupil or for a period of time determined by the district. A canceled account will not retain its emails. Pupils are expected to remove old messages within fifteen days or school district personnel may remove such messages. School district personnel may inspect the contents of emails sent by a pupil to an addressee, or disclose such contents to other than the sender or a recipient when required to do so by the policy, regulation, or other laws and regulations of the State and Federal governments. The Board reserves the right to cooperate fully with local, State, or Federal officials in any investigation concerning or relating to any email transmitted or any other information on the school district computer networks/computers.

Storage Space

The district reserves the right to establish maximum storage space a pupil receives on the school district’s system. A pupil who exceeds his/her quota of storage space will be advised to delete files to return to compliance with the predetermined amount of storage space. A pupil who remains in noncompliance of the storage space allotment after seven school days of notification may have their files removed from the school district’s system.

Security

Security on any computer system is a high priority, especially when the system involves many users. If a pupil identifies a security problem on the computer networks/computer, the pupil must notify the appropriate school district staff member. The pupil should not inform other individuals of a security problem. Passwords provided to pupils by the district for access to the district’s computer networks/computers or developed by the pupil for access to an Internet site should not be easily guessable by others or shared with other pupils. Attempts to log in to the system using either another pupil’s or person’s account may result in termination of the account or access. A pupil should immediately notify the Principal or designee if a password is lost or stolen, or if they have reason to believe that someone has obtained unauthorized access to their account. Any pupil identified as a security risk will have limitations placed on usage of the computer networks/computers or may be terminated as a user and be subject to other disciplinary action.

The school district is eligible to receive a Basic Grant. The amount of the grant shall be in accordance with Federal and State Title I guidelines. The school district may be eligible for the following Title I grants:

- A. Basic Grant - The school district is eligible for a Basic Grant based on State expenditure levels, county poverty levels and number of eligible children in accordance with the Title I guidelines and regulations.
- B. Concentration Grants - The county may be eligible for a Concentration Grant based on the number of Title I eligible children in the county or on the county's poverty rate. The school district is eligible for the Concentration Grant if the county does not qualify for the grant and if the school districts where pupil poverty rates exceed those of the county where they live. Concentration Grants will be distributed to the county and/or the school district in accordance with all Title I guidelines and regulations.
- C. Target Grants - The school district is eligible to receive a Target Grant if it has at least ten formula children and if the number of low-income children is at least five percent of the total school population, aged five to seventeen years old. - B. Ranking Order - The school district may rank its attendance areas by grade-span grouping or for the entire school district. If funds are insufficient to serve all eligible school attendance areas, the school district will:
1. Annually rank, without regard to grade-span, eligible school attendance areas in which the concentration of children from low-income families exceeds 75% from highest to lowest according to the percentage of children from low income families; and
 2. Serve such eligible school attendance areas in rank order.
- C. Remaining Funds - If funds remain after serving these eligible school attendance areas, a school district will:
1. Annually rank such agency's remaining eligible school attendance areas from highest to lowest either by grade span or for the entire local educational agency according to the percentage of children from low-income families; and
 2. Serve such eligible school attendance areas in rank order either within each grade-span grouping or within the school district as a whole.
- D. Measures of Identification - The school district will use the best available measure for identifying children from low-income families to identify eligible school attendance areas, determine the ranking of each area and to determine allocations. This measure shall be the number of children ages five through seventeen in poverty counted in the most recent census date, the number of children eligible for free and reduced-price lunches under the National School Lunch Act, the number of children in families receiving assistance under the Aid to Families with Dependent Children program, the number of children eligible to receive medical assistance under the Medicaid program, or a composite of such indicators. This requirement is not applicable if the school district has a total enrollment of less than 1,000 children.
- E. Waiver for Desegregation Plan - The U.S. Secretary of Education may approve the school district's written request for a waiver of the eligible attendance area requirements in accordance with Title I guidelines and regulations.
- F. School District Discretion - In general the school district may:
1. Designate as eligible any school attendance area or school in which at least 35% of the children are from low-income families;

 3. Elect not to serve an eligible school attendance area or eligible school that has a higher percentage of children from low-income families if:
 - a. The school meets the comparability requirements;
 - b. The school is receiving supplemental funds from other state or local sources; and
 - c. The funds expended from other sources are equal to or exceed the amount that would be provided under Title I.
 4. **SPECIAL RULE:** If a Local Educational Agency (LEA) chooses not to serve an eligible school attendance area, the number of children attending private elementary and secondary schools who are to receive services, and the assistance such children are to receive under this part, shall be determined without regard to whether the public school attendance area in which such children reside receives Title I funds.
- G. Allocations: In general:
1. The school district will allocate Title I funds to eligible school attendance areas or eligible schools, in rank order, on the basis of the total number of children from low-income families in each area or school.
 2. The per-pupil amount of funds allocated to each school attendance area or school shall be at least 125% of the per pupil amount of funds the school district received for that year under the poverty criteria described by the school district's plan. This will not apply if the school district only serves schools in which the percentage of such children is 35% or greater.
 3. The school district may reduce the amount of funds allocated for a school attendance area or school by the amount of any supplemental state and local funds expended in that school attendance area or school for programs that meet the requirements for school-wide or target assistance schools.
 4. The school district will reserve Title I funds as necessary to provide services comparable to those provided to children in schools funded with Title I funds to serve:

This consultation shall include the following:
1. Criteria for low income;
 2. How the children's needs will be identified;

R 2431.4 PREVENTION AND TREATMENT OF SPORTS-RELATED CONCUSSIONS AND HEAD INJURIES

A concussion is a traumatic brain injury caused by a direct or indirect blow to the head or body. Allowing a student-athlete **or cheerleader** to return to play before recovering from a concussion increases the chance of a more serious brain injury that can result in severe disability and/or death. The following procedures shall be followed to implement N.J.S.A. 18A:40-41.1 et seq. and Policy 2431.4.

A. Interscholastic Athletic/**Cheerleading Program** Head Injury Training Program

1. The school district will adopt an Interscholastic Athletic/**Cheerleading Program** Head Injury Training Program to be completed by the school or team physician, licensed athletic trainer(s) involved in the interscholastic athletic program, all staff members that coach an interscholastic sport **or cheerleading program**, designated school nurses, and other appropriate school district personnel as designated by the Superintendent.
2. This Training Program shall be in accordance with the guidance provided by the New Jersey Department of Education and the requirements of N.J.S.A. 18A:40-41.1 et seq.

B. Prevention

1. The school district may require pre-season baseline testing of all student-athletes **and cheerleaders** before the **pupil student-athlete** begins participation in an interscholastic athletic program or activity **or cheerleading program**. The baseline testing program shall be reviewed and approved by the school or team physician trained in the evaluation and management of sports-related concussions and other head injuries.
2. The Principal or designee will review educational information for student-athletes **and cheerleaders** on prevention of concussions.
3. All school staff members, student-athletes, **cheerleaders**, and parents of student-athletes **and cheerleaders** shall be informed through the distribution of the New Jersey Department of Education Concussion and Head Injury Fact Sheet and Parent/Guardian Acknowledgement Form and other communications from the

- a. Appears dazed, stunned, or disoriented;
- b. Forgets plays, or demonstrates short-term memory difficulty;
- c. Exhibits difficulties with balance or coordination;
- d. Answers questions slowly or inaccurately; and/or
- e. Loses consciousness.

2. Possible symptoms of concussion shall be reported by the student-athlete **or cheerleader** to coaches, licensed athletic trainer, school or team physician, school nurse, and/or parent. Possible symptoms of a concussion are, but not limited to:

- a. Headache;
- b. Nausea/vomiting;
- c. Balance problems or dizziness;
- d. Double vision or changes in vision;

Prevention and Treatment of Sports-Related Concussions and Head Injuries

1. Any student-athlete **or cheerleader** who is exhibiting the signs or symptoms of a sports-related concussion or other head injury during practice or competition shall immediately be removed from play and activities and may not return to the practice or competition that day.
 2. The school staff member supervising the student-athlete **or cheerleader** when the ~~student-athlete~~ **pupil** is exhibiting signs or symptoms of a sports-related concussion or other head injury shall immediately contact emergency medical assistance when symptoms get worse, loss of consciousness, direct neck pain associated with the injury, or any other sign the supervising school staff member determines emergency medical attention is needed.
 - a. In the event the school or team physician is available when the student-athlete **or cheerleader** is exhibiting signs or symptoms of a sports-related concussion or other head injury, the physician may make the determination to call emergency medical assistance.
 3. A student-athlete **or cheerleader** who participates in interscholastic athletics **or cheerleading program** and who sustains or is suspected of sustaining a concussion or other head injury shall immediately be removed from practice or competition and shall be required to have a medical examination conducted by their physician or licensed health care provider. The ~~student-athlete's~~ **pupil's** physician or licensed health care provider shall be trained in the evaluation and management of concussion to determine the presence or absence of a sports-related concussion or head injury.
 2. The student-athlete **or cheerleader** suspected of sustaining a concussion or other head injury shall be provided a copy of Board of Education Policy and Regulation 2431.4 and a copy of Board of Education approved suggestions for management/medical checklist to provide to their parent and their physician or licensed health care professional.

Concussions and Head Injuries

3. The student-athlete **or cheerleader's** physician must provide to the school district, upon the completion of a medical examination, a written medical release/clearance when the ~~student-athlete~~ **pupil** is able to return to the activity. The release/clearance must indicate:
 - a. The medical examination determined the injury was not a concussion or other head injury, the ~~student-athlete~~ **pupil** is asymptomatic at rest, and the ~~student-athlete~~ **pupil** may return to the interscholastic athletic **or cheerleading** activity; or
 - b. The medical examination determined the injury was a concussion or other head injury, the ~~student-athlete~~ **pupil** is asymptomatic at rest, and can begin the graduated return to competition and practice protocol outlined in F. below.

A medical release/clearance not in compliance with this requirement will not be accepted. The student-athlete **or cheerleader** may not return to the activity or begin the graduated return to competition and practice protocol until he/she receives a medical evaluation and provides a medical clearance/release that has been reviewed and approved by the school or team physician.

4. Complete physical, cognitive, emotional, and social rest is advised while the ~~student-athlete~~ **pupil** is experiencing symptoms and signs of a sports-related concussion or other head injury. (Minimize mental exertion, limit over-stimulation and multi-tasking, etc.)

F. Graduated Return to Competition and Practice Protocol

1. Upon the school physician's acceptance of the written medical release/clearance, the student-athlete **or cheerleader** may begin a graduated return to competition and practice protocol supervised by a licensed athletic trainer, school or team physician, or designated school nurse trained in the evaluation and management of concussions and other head injuries. The following steps shall be followed:

Step 1 - Completion of a full day of normal cognitive activities (attendance at school, studying for tests, watching practice, interacting with peers, etc.) without re-emergence of any signs or symptoms. If there is no return of signs or symptoms of a concussion, the student-athlete **or cheerleader** may advance to Step 2 below on the next day. If a re-emergence of any signs or symptoms of a concussion occur, the ~~student-athlete~~ **pupil** shall be required to have a re-evaluation by ~~the student-athlete's~~ **their** physician or licensed healthcare provider. The ~~student-athlete~~ **pupil** shall not be permitted to begin the graduated return to

competition and practice protocol until a medical clearance, as required in E.3. above, is provided and approved by the school or team physician.

Step 2 - Light aerobic exercise, which includes walking, swimming, or stationary cycling, keeping the intensity less than 70% maximum percentage heart rate. There shall be no resistance training. The objective of this Step is increased heart rate. If there is no return of any signs or symptoms of a concussion, the student-athlete **or cheerleader** may advance to Step 3 below on the next day. If a re-emergence of any signs or symptoms of a concussion occur, the ~~student-athlete~~ **pupil** shall return to Step 1.

Step 3 - Sport-specific exercise including skating and/or running. There shall be no head impact activities. The objective of this Step is to add movement and continue to increase the student-athlete **or cheerleader's** heart rate. If there is no return of any signs or symptoms of a concussion, the ~~student-athlete~~ **pupil** may advance to Step 4 below on the next day. If a re-emergence of any signs or symptoms of a concussion occur, the ~~student-athlete~~ **pupil** shall return to Step 2.

Step 4 - Non-contact training drills such as passing drills, agility drills, throwing, catching, etc. The student-athlete **or cheerleader** may initiate progressive resistance training. If there is no return of any signs or symptoms of a concussion, the ~~student-athlete~~ **pupil** may advance to Step 5 below on the next day. If a re-emergence of any signs or symptoms of a concussion occur, the ~~student-athlete~~ **pupil** shall return to Step 3.

Step 5 - The ~~student/athlete's~~ **pupil's** medical condition, upon completing Step 4 with no return of any signs or symptoms of a concussion, shall be evaluated for medical clearance based upon consultation between the school district's licensed athletic trainer, school or team physician, designated school nurse, and the ~~student-athlete's~~ **pupil's** physician. After this consultation and upon obtaining written medical release/clearance approved by the school or team physician, the ~~student-athlete~~ **pupil** may participate in normal training activities. The objective of this Step is to restore the ~~student-athlete's~~ **pupil's** confidence and for the coaching staff to assess the ~~student-athlete's~~ **pupil's** functional skills. If there is no return of any signs or symptoms of a concussion, the ~~student-athlete~~ **pupil** may advance to Step 6 below on the next day. If a re-emergence of any signs or symptoms of a concussion occur or if the ~~student-athlete~~ **pupil** does not obtain medical release/clearance to proceed to Step 6, the school or team physician, in consultation with the ~~student-athlete's~~ **pupil's** physician, shall determine the ~~student-athlete's~~ **pupil's** return to competition and practice protocol.

Prevention and Treatment of Sports-Related
Concussions and Head Injuries

Step 6 - Return to play involving normal exertion or game activity. If the ~~student-athlete~~ **pupil** exhibits a re-emergence of any concussion signs or symptoms once he/she returns to physical activity, he/she will be removed from further activities and returned to Step 5.

G. Temporary Accommodations for Student-Athletes **and Cheerleaders** with Sports-Related Head Injuries

1. Rest is the best "medicine" for healing concussions or other head injuries. The concussed brain is affected in many functional aspects as a result of the injury. Memory, attention span, concentration, and speed of processing significantly impact learning. Further, exposing the concussed ~~student-athlete~~ **pupil** to the stimulating school environment may delay the resolution of symptoms needed for recovery. Accordingly, consideration of the cognitive effects in returning to the classroom is also an important part of the treatment of sports-related concussions and head injuries.
2. Mental exertion increases the symptoms from concussions and affects recovery. To recover, cognitive rest is just as important as physical rest. Reading, studying, computer usage, testing, texting, and watching movies if a pupil is sensitive to light/sound, can slow a pupil's recovery. In accordance with the Centers for Disease Control's toolkit on managing concussions, the Board of Education may look to address the pupil's cognitive needs in the following ways. Pupils who return to school after a concussion may need to:
 - a. Take rest breaks as needed;
 - b. Spend fewer hours at school;
 - c. Be given more time to take tests or complete assignments (all courses should be considered);
 - d. Receive help with schoolwork;
 - e. Reduce time spent on the computer, reading, and writing; and/or
 - f. Be granted early dismissal from class to avoid crowded hallways.

R 2436 ATHLETIC PARTICIPATION FEE-GUIDELINES AND PROCEDURES

~~Due to financial conditions,~~ The Randolph Board of Education may institute a fee for participation in interscholastic sports. The fee will allow the district to maintain the scope of programs we provide allowing pupils to have a wide variety of opportunities for involvement in activities beyond the school day.

~~The fee for participation is \$100.00 per athlete per year.~~

The participation fee does not guarantee the participant playing time in any contest nor does it guarantee the participant or his/her parent(s) or legal guardian(s) control over any conditions of the team or athletic department.

Payment

Payment of the fee is required for participation and a schedule for when fees are due is listed below. Uniforms will not be distributed until payment has been received or a payment plan has been established. Economic Help

While the district feels the necessity to cut costs in order to stay financially healthy, it is not the intention of the Board of Education to create a barrier for pupils to participate in athletics if the sports fee proves to be a true financial hardship. Any pupil who wishes to participate but is unable to because of finances, should complete the Sports Fee Waiver form available from school offices or the Athletic Director. The guidelines for determining that a pupil will have the participation fee waived will be determined by guidelines similar to those of the district's free and reduced lunch program.

R 2464 GIFTED AND TALENTED PUPILS

Mission

The Randolph Township Schools Gifted/Talented Enrichment Program promotes learning through differentiation, expansion of curiosity and creativity. This is done through independent study and by providing opportunities to think at higher levels in order to develop the mind, visualize ideas and seek new approaches to problem solving. These skills are vital to our pupils' success in an ever changing world.

Philosophy

Each child is unique and has special talents. Our responsibility is to provide experiences in an atmosphere in which these talents will be nurtured and new talents will be acquired and encouraged.

Our aim is to recognize pupil interest and need, to be inclusionary and to provide differentiated experiences that are developmentally appropriate and effective for all learners.

Program Goals

1. Develop a positive self-concept through a caring environment where each pupil is valued as an individual;
2. Allow pupils to learn and interact with other pupils of similar abilities;
3. Develop critical and creative thinking and problem solving skills;
4. Develop the attitudes and skills needed for independent study and learning; and
5. Nurture gifts and talents through additional appropriate opportunities that challenge potentially gifted learners.

Selection Procedures

The selection process at the elementary level may include differentiated instruction and/or discussion and planning included in the Intervention and Referral Services (I&RS) protocol. For pupils in grades six through eight relies on multiple criteria and uses a combination of standardized and non-standardized measures. The selection of potentially gifted learners is flexible and ongoing.

Program Components

Kindergarten through Fifth

All pupils receive in-class enrichment through a variety of differentiated activities that are aligned with district curriculum. These are provided by the classroom teacher and at times, select

PROGRAM

certificated staff members. The enrichment activities provide appropriately challenging experiences that enhance learning and develop outlets for creative and productive work for all pupils. Some pupils who demonstrate advanced and higher level ability will experience vertical movement, where it is necessary to have a student work with others at a more advanced level by working in a grade level above their placement.

Sixth through Eighth

Pupils in grades six through eight possessing unique talents and abilities are provided the opportunity to participate in a program. This population is characterized by superior academic achievement, task commitment, and creativity. The focus of the program is to provide pupils with opportunities for critical thinking and application of knowledge in meaningful and creative ways using a core of in-depth knowledge. In addition, the program provides opportunities for students to pursue topics of personal interest within a framework designed to meet the needs to their multiple intelligences.

Ninth through Twelfth

Pupils in grades nine through twelve possessing unique talents and abilities are provided the opportunity to participate in a range of academic and non-academic courses based on interest and ability. These include, but not limited to, honors and advance placement courses.

Fourth and Fifth

Pupils in grades four and five can be identified to participate in enrichment classes. Multiple criteria are used to identify these pupils. Participation occurs during the school day and includes activities that seek to provide appropriate content processes and products in a challenging learning environment.

R 2530 RESOURCE MATERIALS

The Board provides a library/media center and media specialist services in each school. Libraries / media centers are to open as soon after the opening of school as possible and to remain open until a date determined by the Superintendent.

The Board delegates to the Superintendent the authority for the selection of materials. The Principal will be directly responsible to the Assistant Superintendent for Curriculum and Instruction for the selection of materials in accordance with the following objectives.

1. To provide materials that will enrich and support the curriculum, taking into consideration the varied interests, abilities and maturity levels of the pupils served;
2. To provide materials that will stimulate growth in factual knowledge, literary appreciation, esthetic values and ethical standards;
3. To provide a background of information which will enable pupils to make intelligent judgments in their daily life;
4. To provide materials on opposing sides of controversial issues so that young citizens may develop under guidance the practice of critical reading and thinking;
5. To provide materials representative of the many religious, ethnic, and cultural groups and their contributions to our American heritage; and
6. To place principles above personal opinion and reason above prejudice in the selection of materials of the highest quality in order to assure a comprehensive collection appropriate for the users of the library.

The Principal and librarian / media specialist will take into account the following Board policies in regard to the selection of materials which may be challenged by citizens of the community.

1. Religion - Factual, unbiased material which represents all major religions may be included in the library collections;
2. Ideologies - The libraries / media centers shall make available basic, factual information on the level of their reading public, on any ideology or philosophy which exerts a strong force either favorably or unfavorably in government, current events, politics, education, or any other phase of life; and

3. Sex and Profanity - Materials presenting some aspects of sexuality shall be subjected to a test of literary merit and reality by the librarian, who shall take into consideration the reading public and accepted public moral standards. The fact of sexual incidents or profanity appearing shall not automatically disqualify a book. The decision shall be made on the basis of whether a book presents life in its true proportions, whether circumstances are realistically dealt with, and whether a book is of literary value. Many works of literature important in our culture contain isolated elements to which some individuals may object.

However, the value and impact of any literary work must be examined as a whole, and not in part; the impact of the entire work transcending words, phrases, or incidents out of which it is made. Factual material of an educational nature on the level of the reader public shall be included.

Librarians / media specialist will examine all books for discrimination, sex, race, ethnic background, and religious stereotyping. Materials in doubt will be referred to the district Affirmative Action Officer.
