 - e. Close all doors to the room when the room is empty and keep all doors and exits of their respective rooms and buildings unlocked during the school hours, except during an emergency lockdown or an emergency lockdown drill;

Any pupil or staff member whose behavior disrupts the conduct of the fire drill shall be reported to the Principal and will be subject to discipline.
 5. All persons in the school must leave the building during a fire drill, including all aides, visitors, volunteer workers, and all office, cafeteria, custodial, and maintenance employees, except those employees who have been assigned specific duties to be performed in the school building during a fire drill.

 8. The office employee responsible for keeping the central attendance register, or a designated substitute, must carry the register out of the building during the drill.
 9. Each Principal shall report monthly to the Superintendent on the conduct of fire drills. His/Her report will include the date, weather conditions, and time to evacuate for each drill conducted, as well as any comments that could assist in improving the conduct of future drills.
 10. Every fire drill will be conducted with seriousness and with the assumption that prompt evacuation is actually required for the safety and survival of persons in the school.

11. Principals are encouraged to change the circumstances of fire drills so that staff members and pupils are subjected to various conditions and learn to respond to them quickly, constructively, and safely. Any such variations should take into account the ages and abilities of children.
 - a. One or more exits may be designated as “blocked” so that pupils are required to use alternative evacuation routes.
 - b. A fire drill may be designated as a “smoke drill” so that pupils learn to avoid the hazards of smoke by walking in a low or crouching position (not a crawling position).

R 8441 CARE OF INJURED AND ILL PERSONS

A. Immediate Attention

These regulations apply when a person--pupil, staff member, or visitor--on school premises or in the course of a school-sponsored event or field trip is injured or becomes suddenly ill. The school staff member or other responsible adult present who takes charge should act quickly but not hastily.

1. The injury or illness shall be reported immediately to the school nurse or, in the absence of the school nurse, to the Principal. The report may be made directly (over an intercom) or by another adult or by a pupil messenger.
2. If it is clearly evident that the illness or injury is serious, emergency medical assistance shall be immediately summoned by telephone call to 911.
3. The victim shall be examined for breathing obstructions, bleeding, and broken bones.
4. The victim shall be checked for the presence of a necklace or bracelet that identifies a particular medical problem such as diabetes or epilepsy.
5. The victim will not be moved, except as may be absolutely necessary to remove the person from a dangerous environment. If necessary, furniture or equipment will be moved to permit space around the victim.
6. The victim should be made as comfortable as possible, without moving him/her, by loosening binding clothing and providing warm coverings.
7. No food or liquid should be given to the victim except on the orders of a health professional.
8. The victim should be calmed with assurances that he/she is receiving or is about to receive aid.

B. Emergency First Aid Procedures

The school nurse shall administer the following emergency first aid procedures, as appropriate to the victim's illness or injury. If the school nurse or other health professional is not available or cannot be summoned quickly or the victim's illness or injury is so serious as to warrant immediate attention, these first aid procedures may be followed by the responsible adult present.

1. ALLERGIC REACTIONS

The victim may show sudden blotchy swelling of the skin (hives) and mucous membranes, difficulty in breathing, wheezing, increased pulse rate, nausea, abdominal cramps, vomiting, fall in blood pressure with weak pulse.

The use of a single dose auto-injector for epinephrine may be indicated. The school nurse or trained teacher shall decide whether or not to administer the appropriate dose.

In a severe allergic (anaphylaxis) reaction, the victim should be taken immediately to hospital emergency services or a doctor's office.

2. BLEEDING, SEVERE

a. Apply direct pressure with a sterile compress, if available; if no compress is available, the gloved or otherwise protected hand or fingers may be used until a compress can be obtained.

b. Unless there is evidence of a fracture, a severe wound of the hand, neck, arm, or leg should be elevated above the level of the victim's heart.

c. Apply pressure on the supplying artery if severe bleeding does not stop after application of direct pressure plus elevation.

d. A tourniquet may be used only for a severe, life threatening hemorrhage that cannot be controlled by other means. The decision to use a tourniquet may be made only by a health professional.

3. BREATHING OBSTRUCTION

a. Tilt the victim's head, clear the airway, and begin mouth-to-mouth or mouth-to-nose breathing immediately.

Initially, give four quick, full breaths without allowing the lungs to fully deflate between each breath.

- b. Maintain the head tilt and look, listen, and feel for exhalation of air. Check the carotid pulse for at least five but no more than ten seconds.
- c. If there is no pulse and no breathing, cardiopulmonary resuscitation (CPR) should be commenced by a person trained to give CPR.
- d. If there is a pulse but no breathing, mouth-to-mouth breathing should be continued until the victim breathes spontaneously.

4. BURNS, MAJOR

The victim has sustained a second- or third-degree burn, i.e. has burned the epidermis and underlying dermis and perhaps underlying tissues, possibly over a large area; the skin will appear red and blistered or, in a very serious burn, white or blackened.

 - (2) Apply any first aid measures specified on the chemical container;
 - (3) Cover the burn with a cool, wet dressing; and
 - (4) Take the victim to hospital emergency services.
- b. If the burn is a second degree burn that covers an area less than two or three inches across,
 - (1) Rinse the burn with cool water and gently wash and rinse the burned area;
 - (2) Spray with an antiseptic spray and cover with a sterile dressing;
 - (3) Do not apply ointments, petroleum jelly, margarine, grease, oil, or butter; and

- (4) Do not break blisters to avoid the risk of infection.
- c. If the burn affects an area more than two or three inches across or is a third degree burn,
 - (1) Immerse the burned area in cold water or apply cold compresses to the affected area to bring skin temperature back to normal, and
 - (2) Wrap the victim loosely in a clean sheet and transport him/her to hospital emergency services or, if the burn affects more than ten percent of the body, to a specialized burn facility.

5. CONCUSSION

The victim may be dazed or unconscious, bleed from mouth, nose or ears; have rapid but weak pulse; have eye pupils unequal in size; complain of headache and dizziness; be nauseated or vomiting,

- a. Keep victim lying down and warmly covered.
- b. Ice may be applied to head.
- c. Medical attention must be sought to determine extent of injury.

6. CONVULSION OR SEIZURE

- a. Protect the victim from self-injury by lying him/her down, preferably on a padded surface, and loosen his/her clothing.
- b. Turn the victim's head to one side to keep the airway open and permit saliva to flow out of the mouth. If possible, place a rolled-up handkerchief or other soft object (not a hard object) between the upper and lower teeth. Do not place a finger in the victim's mouth or try to force open the victim's clenched jaws.
- c. Do not restrain the victim unless gentle restraint is necessary to prevent self-injury.
- d. If vomiting occurs, turn the head so that vomitus is expelled from the mouth and is not inhaled.

- e. If the seizure continues for more than a few minutes or recurs in a short time, summon an ambulance.

7. INSULIN SHOCK

The victim may have a sudden onset of weak, drowsy appearance; moist and pale skin; drooling; intense hunger, vision disturbance; normal or shallow respirations; full and pounding pulse; irritability;

- a. Administer some kind of carbohydrate, which can be in the form of sugar, fruit juice, candy, sugared soda pop (not artificially sweetened). If the victim has lost consciousness, honey or granulated sugar should be placed under the victim's tongue.
- b. After symptoms have subsided (in ten to fifteen minutes), offer the victim a food snack.
- c. If the symptoms do not subside, the victim should be taken to a hospital emergency service.

8. DIABETIC COMA

The victim may have an extremely ill appearance, dry flushed skin, intense thirst, exaggerated respiration with hunger for air, weak and rapid pulse, dimming of vision, and acetone or fruity odor on breath. A person in diabetic coma must be taken immediately to a hospital emergency service.

10. POISONING

- a. Contact the Poison Control Center by calling 911 for instructions. Be prepared to give information regarding the substance and amount ingested and the state of the victim.
- b. If the Poison Control Center cannot be consulted and the poison can be identified with certainty and its original container is available, administer the antidote specified on the container in the method and dosage recommended and seek medical assistance.
- c. If the poison is unknown, dilute the poison by requiring the victim to drink quantities of water or milk.
- d. If the poison is not corrosive or a petroleum product (see B10e) and the victim is not unconscious, induce vomiting by:
 - (1) Administering one to two tablespoons of Ipecac Syrup followed by water, or
 - (2) Inserting a spoon handle or finger in the victim's throat to produce a gag reflex.
- e. If the poison is a corrosive substance (drain cleaner, lye, bleach, or other acid or alkali product) or a petroleum product, do not induce vomiting. Burns on or in the mouth may indicate a corrosive substance and a smell of petroleum on the victim's breath indicates a petroleum product.
- f. Remove the victim, along with the container of the substance ingested and any vomitus, to hospital emergency services.

11. SHOCK

The victim may be drained of color and have a clammy skin, weak and rapid pulse, irregular or labored breathing, perspiration on upper lip and forehead. Victim may be nauseated and/or thirsty.

- a. Keep the victim covered and lying down, with feet raised higher than the heart.

R 8465 HATE CRIMES AND BIAS-RELATED ACTS

A. Definitions

1. A hate crime is any criminal offense where the person or persons committing the offense acted with a purpose to intimidate an individual or group of individuals because of race, color, gender, disability, religion, sexual orientation, or ethnicity.
2. A bias-related act is an act directed at a person, group of persons, private property, or public property that is motivated in whole or in part by racial, gender, disability, religion, sexual orientation, or ethnic prejudice. A bias-related act need not involve an act that constitutes a criminal offense. All hate crimes are also bias-related acts, but not all bias-related acts will constitute a hate crime.

B. Procedure For Reporting Hate Crimes

1. A school employee will notify the Building Principal whenever the school employee, in the course of his/her employment, develops reason to believe that:
 - a. A hate crime has been committed or is about to be committed on school property; or
 - b. A hate crime has been or is about to be committed by any pupil, whether on or off school property and whether or not such offense was or is about to be committed during operating school hours; or
 - c. That a pupil enrolled in the school has been or is about to become the victim of a hate crime, whether committed on school property or during school hours.
2. The Building Principal will notify the Superintendent, the Randolph Police Department and Bias Incident Officer for the county prosecutor's office.
3. The Principal and the Superintendent shall notify the Randolph Police Department and the county prosecutor's office immediately if there is reason to believe that a hate crime that involves an act of violence has been or is about to be physically committed against a pupil or there is otherwise reason to believe that a life has been or will be threatened.

C. Procedure For Reporting Bias Incidents

1. A school employee should immediately notify the Building Principal whenever the school employee, in the course of his/her employment, develops reason to believe that:
 - a. A bias-related act has been committed or is about to be committed on school property; or
 - b. A bias-related act has been or is about to be committed by any pupil, whether on or off school property and whether or not such bias-related act was or is to be committed during school hours.
2. The Building Principal will notify the Superintendent and the Randolph Police Department.
3. In deciding whether to refer the matter of a bias-related act to the Randolph Police Department or the county prosecutor's office, the Building Principal and the Superintendent, should consider:
 - a. The nature and seriousness of the conduct; and
 - b. The risk that the conduct posed to the health, safety and well-being of any pupil, school employee or member of the general public.
4. The Building Principal will consult with the Superintendent and should consider:
 - a. That the police department or the county prosecutor's office may possess, or have access to, other information that could put the suspected bias-related act in proper context, which could shed light on the motivation for the act or some other unsolved hate crime; and
 - b. The possibility that the suspected incident could escalate or result in some form of retaliation that might occur within or outside school property.

D. Nature of Referral

1. The mandatory referral for suspected or committed hate crimes and the presumptive referral for suspected or committed bias-related acts as described in the regulation is only a request to the law enforcement agencies to conduct an investigation and is nothing more than the transmittal of information which may be pertinent to any such law enforcement investigation.
2. Any referral in accordance with this regulation is not an accusation or formal charge.
3. Any referral pursuant to this regulation is predicated on the basis of reasonable suspicion, which is less than probable cause, less than the proof sufficient to sustain an adjudication of delinquency or a finding of guilt in a court of law and less than the proof sufficient to justify the imposition of school discipline.
4. All doubts by school officials should be resolved in favor of referring a matter to the Randolph Police Department or the county prosecutor's office.

E. Concurrent Jurisdiction

1. Unless the Randolph Police Department or the county prosecutor's office request otherwise, the school district may continue to investigate a suspected hate crime or bias-related act occurring on school property and may take such actions as necessary and appropriate to redress and remediate any such acts.
2. The school officials will discontinue the in-school investigation if the Randolph Police Department or the county prosecutor's office believe the school investigation could jeopardize an on-going law enforcement investigation or otherwise endanger the public safety.

F. Preservation of Evidence

1. School officials will secure and preserve any such graffiti or other evidence of a suspected hate crime or bias-related act pending the arrival of the Randolph Police Department or the county prosecutor's office.

Hate Crimes and Bias-Related Acts

2. The school officials, when feasible, will cover or conceal such evidence until the arrival of the Randolph Police Department or county prosecutor's office in a manner designed to minimize the harm and continued exposure to pupils by such evidence, but that will not permanently damage or destroy such evidence or otherwise limit its utility in an ongoing investigation or prosecution.
3. The Randolph Police Department and/or the county prosecutor's office will photograph or otherwise document the location and content of any such graffiti or other bias-based evidence as soon as possible, so that the graffiti or other evidence may be removed or eliminated at the school district's earliest opportunity.
