Electronic Mail

Electronic mail (“E-mail”) is an electronic message sent by or to a member in correspondence with another person having Internet mail access. All messages sent and received on the school district computer network(s) must have an educational or administrative purpose and are subject to review. A sender of an E-mail message should expect the E-mail messages will be reviewed by the system administrators or the school administration. Security

Security on any computer system is a high priority, especially when the system involves many users. If a member feels that he/she can identify a security problem on the computer network(s), the member must notify a system administrator. The member should not inform individuals other than the system administrators or other designated members of the school district staff of a security problem. Professional staff may allow individuals who are not members to access the system through the staff personal account as long as the staff person does not disclose the password of the account to the individuals and understands that the staff person assumes responsibility for the actions of individuals using his/her account.  - (1) Immediately notify their immediate supervisor; and
 - (2) Notify the Coordinator's office the next business day.
 3. The Workers' Compensation Report shall be forwarded to the Coordinator's office as soon as it is completed by the injured staff member.

The Coordinator will authorize workers' compensation time off from work for a staff member injured on-the-job only after the staff member has been examined by the worker's compensation physician. The workers' compensation physician's report will also include a diagnosis, to the best of the physician's ability, on the length of recovery for each limitation. The physician's report will be forwarded to the Coordinator.

C. Modified Duty Restriction

1. There is no permanent modified duty and all modified duty positions are temporary.
2. Upon reviewing the workers' compensation physician's report, the Coordinator will determine if temporary modified duty is appropriate for the staff member. The Coordinator may determine the staff member should be out of work until such time the staff member is able to return to work to assume all their job responsibilities. The Coordinator may also determine a date in the future for the staff member to return to work to assume temporary modified duties.
3. A medical review and examination by the workers' compensation physician may be required to continue a modified duty assignment beyond sixty calendar days.
4. The Board reserves the right to require a staff member returning from modified duty to submit to a physical examination before returning to their position to assume all the job responsibilities of their position.
5. There will be communications among the Coordinator, the injured staff member's supervisor, the staff member, the workers' compensation physician, and the workers' compensation insurance provider throughout the course of treatment and recovery of the injured staff member.

3. A request for the extension of sick leave should be submitted to the Superintendent at least ten working days in advance of the next Board meeting. The request must be accompanied by a physician's signed statement setting forth the nature and anticipated duration of the employee's disability.
4. An employee who anticipates an extended period of disability may apply to the Board for a disability leave of absence, during which the employee will receive no compensation or benefits, pursuant to Policy No. 4431.
5. Employees are reminded that sick leave extensions and disability leaves of absence are not entitlements and will be granted or denied by the Board on a case-by-case basis.

G. Accumulation of Sick Leave

1. Sick leave will be charged, first, to the sick leave newly available in the employee's current contract year and, when that sick leave entitlement is exhausted, to the employee's bank of accumulated sick leave.
2. The unused sick leave of part-time employees will be accumulated on the basis of hours of work rather than days of work.
 - a. At the close of each contract year, the number of sick leave days not used by a part-time employee will be multiplied by the number of hours the employee worked in each day or, if the employee worked irregular hours, the average number of hours in each contract day.
 - b. At the beginning of the following contract year, the total number of hours accumulated will be divided by the number of hours, or average number of hours, to be worked in each contract day. The result constitutes the number of accrued sick leave days the employee may claim when he/she has exhausted the sick leave days available in the current contract year.
 - c. When a part-time employee, continuously employed in the district, is employed full-time, his/her accumulated sick leave hours will be divided by the number of hours in a full working day, and the dividend will be multiplied by the number of days he/she worked each week as a part-time employee. The product will be divided by five, the number of days in a full-time week. The resulting number, rounded up to the next full day, represents the number of accrued sick leave days in the employee's sick leave bank.
