

2330 HOMEWORK

The term “homework” refers to assignments students will complete outside of class. Homework assignments are designated to support the learning process.

The purposes of homework include:

1. To prompt exploration;
2. To provide the opportunity to engage in creative thinking;
3. To reinforce (learning of) skills and/or knowledge;
4. To allow for reflection and provide timely feedback;
5. To preview learning.

Teachers will communicate to students the purpose of a homework assignment.

The Superintendent will prepare homework regulations to implement this policy.
