

9270 HOME SCHOOLING AND EQUIVALENT EDUCATION
OUTSIDE THE SCHOOLS

The Board of Education encourages the enrollment of all children of school age resident in the district in public schools or in approved private schools so that they may enjoy the benefits of a well-planned educational program and the socialization possible in a group environment.

Every parent, legal guardian or other person having custody and control of a child between the ages of six and sixteen years shall cause such child regularly to attend the public school or a day school in which there is given instruction equivalent to that provided in the public schools for children of similar grades and attainments or to receive equivalent instruction elsewhere than at school. The Board recognizes its responsibility for assuring that every child of school age resident in the district is enrolled in a public or private school or is offered an equivalent thorough and efficient education elsewhere than at school. The Board acknowledges that parents have a constitutional right to choose the type and character of education they feel is best suited for their children, be it secular or sectarian. Home schooling is an option that parent(s) or legal guardian(s) may choose to educate their children. When parents choose this option the program will be carried out in the pupil's home rather than the school.

In the event a child is receiving an education outside the district schools, the Superintendent may report to the appropriate municipal authorities children whom he/she has reason to believe are not offered instruction outside the schools equivalent to that offered in the public schools for children of similar ages or attainments. If the Superintendent makes such report, the parent(s) or legal guardian(s) of a pupil receiving instruction elsewhere other than school may notify the Superintendent of their child's educational program status and provide sufficient information to satisfy the district that equivalent instruction is being offered.

The parent(s) or legal guardian(s) or other person having charge and control of a child between the ages of six and sixteen, who shall fail to comply with any of the compulsory education provisions of N.J.S.A. 18A:38 et seq. relating to his/her duties, shall be deemed to be a disorderly person and shall be subject to a fine.

If a child who seeks admission to this the school district from a program of home schooling, the school district will evaluate the work of the child to determine his/her appropriate grade placement. The Superintendent or designee will objectively evaluate the child's skill and achievement levels, as it would with any transfer pupil, before making a determination as to the acceptability of credits and/or the appropriate grade level placement.

When children are educated at home and are not enrolled in a school, the school district will not provide any of the entitlements or privileges of pupils enrolled in the school district unless specifically provided in the federal special education laws. However, the Board upon the recommendation of the Superintendent may permit home-schooled students to participate in **extracurricular and/or co-curricular activities and/or athletics on a case-by-case basis. Home schooled students who are granted the privilege of participating in the District's co-curricular or athletic programs are required to strictly adhere to the District's code of conduct and discipline policies as well all policies governing co-curricular activities and athletics. This includes, but is not limited to Policies 2430- Co-Curricular Activities and 2431-Athletic Competition, except that home schooled students are exempt from the credit/grade-point eligibility requirements of policy 2431-Athletic Competition so long as they are diligently pursuing their studies at home. Home schooled pupils shall recognize that participation in these activities is a privilege and not a right and that such privilege may be revoked at any time by the activity advisor or coach, in consultation with the Principal, Assistant Superintendent or Superintendent of Schools for failure to comply with District rules and policies.**

A child educated at home shall not receive a state endorsed high school diploma from the Board of Education.
